DIRECTIONS TO:

**TRAM Educational Conference**

**Westat-MCR**

**1600 Research Blvd, RW Conference Center**

**Rockville, MD 20850**

*Please use an internet mapping service to get you from your specific departure location to the Westat address and then use the following directions:*

You will note multiple Westat Buildings. Please look for the entrance at the traffic light at 1600 Research Blvd. The attached map shows the Main Reception area.

At the traffic light in front of Westat, pull into this driveway, you will see the Conference Center sign where the assigned parking area is located. Please keep in mind this is a first come first serve basis. If this area fills up you will need to park in the parking deck and walk over to this area. My suggestion is to try to get there early. The RW building is the building with the skywalk attached to it (see map), go down the short flight of stairs into the door, where there will be someone in the reception area to give to you a security badge. The security badge must be worn at all times while you are on the campus of Westat.

Take the elevator to the fifth floor and follow the signs.
